Dear Sir,

RE: Registration of [Eco Rat Wipe Out][Ditrac Kalavo Killer]

Your application has been approved for the registration of **Eco Rat Wipe Out [Ditrac Kalavo Killer]**. The registration number of this pesticide is **I 123/91 I /225**. This number must appear on the labels of this household pesticide and in all future correspondence dealing with this pesticide.

Please note: Any unauthorized changes to the approved label, package size, packaging material, chemical composition, concentration, or formulation purity—as specified in your application—or the occurrence of known side effects will automatically invalidate the registration. As a result, the importation and use of the pesticide will be considered illegal in the country.

With thanks

Dear Sir,

Provisional Registration-Fastrac Blox

We are pleased to inform you that your application to register the above-mentioned pesticide has been approved under the Fiji Pesticides Act No. 41 of 1971, subject to the following conditions:

1. The pesticide is approved exclusively for use by Eco Pest & Hygiene Solutions and must be applied by your trained technicians only.
2. That you will comply with all other appropriate sections of the Public Health Legislation pertaining to the Pesticide regarding storage, custody, warning notice, labeling etc.
3. That all pesticides containers must have original manufacturer's label.
4. That the current approval is granted for one year, i.e. effective from the above date.
5. That you will maintain a stock movement register which must be produced on demand by the Registrar of Pesticides, for inspection at any time.

Should you need to re-register this product, please formally write to the Registrar of Pesticide one month prior to the expiry of the current registration. However if there is any amendment to the information or data in the original application, you would need to complete a new application and submit to the Registrar of Pesticides.

The registration number of this pesticide is PI 124/323 I/225. Please refer to this number in all future correspondence dealing with this pesticide.

With thanks

Dear Sir,

Provisional Registration-CRACKDOWN

We are pleased to inform you that your application to register the above-mentioned pesticide has been approved under the Fiji Pesticides Act No. 41 of 1971, subject to the following conditions:

1. The pesticide is approved exclusively for use by Eco Pest & Hygiene Solutions and must be applied by your trained technicians only.
2. That you will comply with all other appropriate sections of the Public Health Legislation pertaining to the Pesticide regarding storage, custody, warning notice, labeling etc.
3. That all pesticides containers must have original manufacturer's label.
4. That the current approval is granted for one year, i.e. effective from the above date.
5. That you will maintain a stock movement register which must be produced on demand by the Registrar of Pesticides, for inspection at any time.

Should you need to re-register this product, please formally write to the Registrar of Pesticide one month prior to the expiry of the current registration. However if there is any amendment to the information or data in the original application, you would need to complete a new application and submit to the Registrar of Pesticides.

The registration number of this pesticide is **PI 118129-205 M/225**. Please refer to this number in all future correspondence dealing with this pesticide.

With thanks
